

Christmas Parties Report

I. Pacto en Accion Ministry Center

A Christmas party was planned for 332 children of the poor community of Jean Pablo II but 366 children came. The party was scheduled for 3 p.m. but as early as 10 a.m. some children were already standing on line.

There was a time of singing but they were not asked to stand up for they can hardly move from where they were sitting.

Even when we were planning for the party, the children of the

ministry were excited about it and planned and practiced for the presentation that they are going to make. They presented a skit of the life of Ruth. A representation of God's plan of redemption.

There was a difficulty of making the children quiet and still for their excitement of special meals and Christmas gifts, but the gospel was presented anyway. Then the children were given the chance to pray the prayer of acceptance. Our prayer is that the seed that was planted in their hearts that afternoon will grow. Please pray with us that they will come back to the ministry center, so, we can continue to disciple these children.

They were so happy that they have tickets and looking forward in receiving their special meals of tamales

rice with chicken and vegetables, cake, pop and lollipop and their Christmas gifts of school supplies. Praise God for the opportunity of not only sharing the gospel to these kids but also giving

them special meals and gifts. To God be the glory!

II. Christmas Party for Street Young People

Before we started the party we were visited by two policemen but praise God for the permit that we got from the mayor's office, we were able to go on with sharing the gospel message to 34 street young people.

They were attentive and then prayed the prayer of acceptance. The Lord only knows the sincerity of their hearts. Please pray with us as we continue to meet them regularly next year and teach them God's Word and hopefully they will also come to our Worship Services.

Thank you for making this event possible through your prayers and giving.
