

MEDICAL CONTAINER **PROPOSAL**

You can improve the quality of life for the most vulnerable. By partnering with *ServeNow*, eight shipping containers full of medical supplies and equipment will save lives.

The Reality

Across the world's rural and some urban areas, hospitals are poorly equipped. Their well-trained medical staff struggles to serve the demanding needs due to outdated or little to no equipment. These conditions impact the most vulnerable especially.

In many parts of the world, hospital equipment is scarce. Some reasons equipment is needed:

- **War or political upheaval**
- **Outdated equipment**
- **No equipment at all**

To the point that some patients share a hospital bed: if there is even an available bed. Many hospitals don't have wheelchairs for post-surgery. In addition, people with disabilities cannot afford a wheelchair.

Today's advanced technology could save more lives worldwide if up-to-date equipment was available to these countries. You can show God's provision while saving lives.

Through Partnerships

ServeNow is committed to partnerships for the fulfillment of our vision and mission. Our partnerships with national leaders, churches, or organizations ensure the overall well-being and health as a nonprofit.

Annually, *ServeNow* receives donated medical equipment from a partnership. Many of the tools and devices are barely used or brand new and still in the original packaging. The products come from Sweden, where medical equipment is updated every three years. All equipment is certified for consignment, sanitary, and fit for human use according to code.

These valuable donations include electric hospital beds, standard hospital room equipment, delivery beds, examination beds, operating tables with lamps, toilets, gynecological chairs, ultrasounds, bathtubs on wheels, lifts, walkers, electric wheelchairs.

Certificates and freight are the main expense, costing \$20,000 per shipping container. For every dollar *ServeNow* provides in freight, this releases approximately 10 dollars in life-saving and needed medical equipment.

Where Can I Send a Medical Container?

Sri Lanka, Ukraine, and the Middle East.

A container blesses vulnerable people like Andrey.

"Andrey is 15 years old and has a very severe form of cerebral palsy. However, he has always dreamed of being a race car driver! We love our grandson, and we always tell him so. We are so glad that Andrey can finally go outside, ride his wheelchair to the store, and just go for a "walk." Thank you so much for the electric wheelchair. We have been dreaming of it for so long. Now Andrey has his own little "race car."

A gift like this answers prayers and fulfills dreams. You can impact more people like Andrey with medical equipment and wheelchairs!

Will you consider your role in serving the most vulnerable today?

The Results

Give Today

A Medical Container improves the quality of life and saves lives of the most vulnerable in Sri Lanka, Ukraine, and the Middle East.

Your gift of \$5,000 would fill a quarter of the container. Half of container costs \$10,000. A gift of \$20,000 would send an entire container to your country of choice!

Unable to fill an entire container? You can invite friends, colleagues, or family to collectively give this life-saving gift.

Will you fulfill dreams of the most vulnerable and provide life-saving equipment today?

Online

Scan the QR to give towards a Medical Container.

By Check

Mail a check payable to *ServeNow*, 1817 Austin Bluffs Pkwy #110, Colorado Springs, CO 80918.

Planned Giving

Unleash the benefits of a non-cash gift through Stock Appreciations, IRA Distribution, Estate Planning, etc. Contact our team by phone or email.

End Of Proposal —

THANK YOU

In advance, thank you! Through you and God,
ServeNow can serve hundreds of thousands of the
most vulnerable through eight life-saving medical
containers!
